

REFLECTMINI^{NC}

Waterproof True Wireless In-Ear NC Sport Headphones

Designed for movement, defined by you.

Whether you're into yoga, running or barre, JBL Reflect Mini NC in-ear sport headphones are the perfect accessory for your athleisure lifestyle. Active Noise Cancelling lets you focus on your fitness goal with zero distractions, while Smart Ambient technology keeps you aware of your surroundings or lets you chat with a friend. Each in-ear connects immediately and independently, so you can take calls with either one and assign unique functions to left and right. With 21 hours of playtime, different reflective color choices and an IPX7 waterproof rating, they're the ultimate true wireless in-ear sport headphones.

REFLECTMINI^{NC}

Waterproof True Wireless In-Ear NC Sport Headphones

Features and Benefits

21 Hours of Playtime (7 Hours in Buds / 14 Hours in Case)

Long battery life lets you play that much longer or push yourself that much harder without having to stop and take time out for recharging.

Active Noise Cancelling with Smart Ambient

Block out what you don't want or hear more of what you do. Smart Ambient technology lets you run safely on the street or catch up with friends while crushing your workout.

Ear fin for secure fit

Choose from three different ear fin stabilizers to find a perfect, stable, comfortable fit.

JBL Signature Sound

Superior sound for both inside and outside listening gives you the right kind of focus and motivation for any situation, whether you're in close quarters or the great outdoors.

Multi AI Built In

Keep it simple. You're never more than a word away from Hey Google or Amazon Alexa, that's there to make anything you want to do a breeze.

Waterproof with Reflective Accents

Go ahead. Get as wet as you want without worrying, thanks to IPX7 waterproof/sweatproof rating. And with a reflective JBL logo for enhanced visibility, and a choice of cool colors, you can be stylish and safety-minded at the same time.

Dual Connect + Sync Technology

It doesn't matter which headphone you take out of the case first. You can take calls, adjust volume, or use your voice assistant on either ear, so you can stay flexible and never mess with your momentum.

Hands-Free Stereo Calls with Auto-Pause

Your in-ear headphones are on it. Their left and right mics are picking you up in stereo for your phone calls. Remove them and they put your music on hold. You don't even need to think about it.
